## Spears® EverTUFF® CTS Installer Protection Plan

CIPP-7-0116

In order to provide continued protection to trained installing contractors following installation, testing and sign off of a Spears® EverTUFF® CTS hot and cold water system; Spears® has instituted this plan to go above and beyond standard product warranties and will indemnify and defend the installing contractor against verified claims. If the Spears® EverTUFF® CTS system experiences a failure due to conditions outside the control of the installing contractor; The Installing Contractor will be covered 100% by the Spears® Installer Protection Plan.

### Responsibility of the Installing Contractor

- Follow Spears® installation instructions. (CTS-3)
- All components must be 100% Spears® EverTUFF® products. This includes pipe, fittings and cement. NO EXCEPTIONS.
- Installation must be by trained individuals with current certification. Spears® will accept certification by other certification entities up to the renewal date. At that time, subsequent training and certification must be done by Spears® authorized personnel.
- The installing contractor must contact Spears® immediately after they become aware of any issue. Contact information is located at the end of Exhibit A.
- The installing contractor will be responsible for initial labor charges on any repairs
- The contractor shall promptly report in writing all claims within seven (7) days of any knowledge and fully cooperate with Spears® in the defense and resolution of all such claims, including providing any alleged parts.
- Exhibit A must be filled out in its entirety and submitted to Spears® for approval.

### Responsibility of Spears® under the plan

- Spears® will cover the cost of any damage due to leaks from any of the listed conditions.
- Spears® will reimburse the contractor for labor at a rate agreed upon by both parties.
- Any replacement products will be supplied by Spears®.
- Spears® will provide or approve of an attorney, if required.

**This CTS Protection Plan is for hot and cold water use systems only. Any chemicals or additives must be pre-approved by Spears®.**

**POE oils should never be allowed to drain into a CPVC system.**

**For the full list of approved, ancillary products, please visit [www.spearsmfg.com](http://www.spearsmfg.com)**

# **General terms and notations of the plan**

## **Items not covered under the plan**

- Pipe that has been allowed to freeze by the homeowner or Contractor.
- Acts of God, i.e., tornados, earthquakes, and landslides, etc.
- Poor workmanship/installation errors.
- Improper storage.

## **Training**

Spears® offers training classes in proper solvent cement, handling and installation techniques for installing contractors of CPVC hot and cold water systems. These sessions are complimentary and available with advanced notification and must be scheduled. Contact your local Spears® Representative for details and to schedule a session.

## **Please complete Exhibit A and submit to Spears® Manufacturing Company**
